S.P.I.R.E. INFO: The S.P.I.R.E. Curriculum is a research-proven reading intervention program for lower performing students. It is designed to build reading success through an intensive, structured, and spiraling curriculum that incorporates phonemic awareness, phonics, spelling, vocabulary, comprehension, and fluency in a dynamic 10-Step Lesson plan.

WHAT DOES RESEARCH SAY ABOUT WAYS PARENTS CAN HELP THEIR CHILDREN WITH READING?

The following suggestions have been beneficial to many parents:

- Provide a good role model by reading to yourself and by reading often to your child.
- Provide varied reading material - some for reading enjoyment and some with information about hobbies and interests.
- [Encourage activities](#) that require reading for example, cooking (reading a recipe), constructing a kite (reading directions), or identifying an interesting bird's nest or a shell collected at the beach (using a reference book).
- Establish a reading time, even if it is only [15 minutes a day](#).
- Write notes to your school-age child; encourage written responses.
- Ask your child to bring a library book home to read to a younger sibling.
- Establish one evening a week for reading ([instead of television viewing](#)).
- Encourage your child in all reading efforts.

Don't forget to keep an eye on your email for material pickup dates!

LISTEN AND LEARN WITH AUDIO BOOKS

Audio books are a wonderful way to expose your child to complex language, expressive reading, and fantastic stories. Listening to audio books also gives kids the valuable and enjoyable experience of using their own imaginations to visualize the people and places they are hearing about. Kids A-Z is a great resource for listening to reading!
